

READY TO BRAND PRODUCT DETAILS

1. About Our Service

All our cosmetic products are hand made to order adhering to Good Manufacturing Practices, every single product holds a cosmetic product safety report tailored to Hidden Beauty's needs, with accompanying detailed Product information files and notification to government data base (which requires updating with each variation formulated and custom label created. With use of this documentation we are able to create a wide range of product variations from fragrance choice to interchangeable and active ingredients.

In preparation to be able to offer this service an extensive amount of trials and stability testing have been achieved over the past 6 years and on going. Based on results of such testing customised ingredient combinations and their corresponding percentage levels are fixed and will be advised in accordance to your product request and needs.

2. Custom and Product information

Our Vitamin C product line offers either un-fragranced with a subtle scent of floral water or fragrances with a blend of floral water and fruit peel oil, formulated to be low in allergens and non-photosensitizing. These products are designed as functional luxury cosmetics suitable for all common skin types complementing your facial practises. If you are seeking a fragrance-free collection lightly scented with lavender floral water, featuring essential, skin-loving ingredients that align more closely with your business ethos for a standard all round facial treatment, we invite you to explore our Hydra+ Range, detailed further within this document.

The template below is a basic example of how all labels will be designed. Labels will include the product name, a list of key ingredients, your business name or logo, the full INCI (International Nomenclature of Cosmetic Ingredients) list, mandatory warnings, PAO (Period After Opening), usage directions, and our manufacturing details. Labels will be printed on a white background, with optional choices for font style and colour. Our ready made labels are also available for a non branding option, or personal use.
